1 Executive Summary

Inua Nurse Footprint (INF) is a student-driven legacy initiative rooted in the values of service, leadership, academic excellence, and social transformation. Founded at the University of Nairobi's Department of Nursing by visionary student leader Israel Alex Makori NUNSA CHAIR 2025/2026, INF aims to empower nursing students by building a sustainable model of mentorship, outreach, innovation, and holistic support. This proposal outlines the vision, goals, operational framework, and impact strategy for INF as it seeks strategic partnerships and support from institutional, governmental, alumni, and donor communities.

2 Background and Rationale

Kenya's nursing sector plays a critical role in achieving universal health coverage and delivering quality primary health care. However, the current nursing student population faces multi-dimensional challenges, including financial instability, academic burnout, lack of mentorship, limited leadership platforms, and poor mental health support.

As the cradle of several nurse leaders in the country, the University of Nairobi is strategically positioned to inspire a new wave of change agents. INF proposes a footprint-based framework, ensuring that every nursing student has the tools, opportunities, and networks necessary to thrive and serve effectively — both in school and beyond graduation.

3 Vision, Mission, and Core Values

3.1 Vision:

A vibrant community of compassionate, empowered, and visionary student nurses equipped to lead, serve, and leave lasting legacies.

3.2 Mission:

To promote mentorship, innovation, outreach, and student wellness through structured, sustainable programs led by and for nursing students.

3.3 Core Values:

- **Service** – Compassionate and inclusive health advocacy
- **Leadership** – Empowering responsible nurse leaders
- **Innovation** – Embracing creativity and technology in nursing
- **Accountability** – Transparency in governance and impact
- **Legacy** – Building projects that outlive individual leadership

4 Objectives

4.1

General Objective: To establish a sustainable platform that empowers student nurses academically, socially, and professionally through leadership, mentorship, and community impact programs.

4.2

Specific Objectives:

1. To mentor and connect at least 400 student nurses with alumni and professional mentors annually.
2. To conduct quarterly community outreach and public health education campaigns in marginalized areas.
3. To develop student welfare programs such as hardship bursaries, emergency care support, and mental health forums.
4. To establish digital and physical academic resource hubs for clinical excellence.
5. To foster leadership development among student nurses through training, competitions, and peer-led projects.

6. To build strategic partnerships with local and international healthcare organizations to support learning and outreach opportunities.
7. To initiate a nurse-led innovation lab that nurtures ideas on community health solutions and care delivery.
8. To integrate advocacy training in the program to equip student nurses with tools to influence policy on youth and health.
9. To track and publish annual impact reports to promote transparency, growth, and visibility.
10. To promote spiritual and psychosocial support by organizing wellness retreats and reflection forums.
11. To run at least one annual national nursing students' symposium hosted by INF.

5 Programmatic Pillars and Activities

5.1

1. Mentorship and Legacy Leadership

- INF Alumni Connect: Structured alumni-student mentoring program
- “Walk with Me” Circles: Peer-to-peer support networks
- Legacy Talks: Monthly sessions with professional nurse trailblazers

5.2

2. Academic Empowerment and Innovation

- “Exam Lifeline” Clinics: Group revision and digital exam bank access
- INF Digital Library: Online repository for notes, OSCEs, case studies
- Academic Excellence Awards: Recognizing top nurse ambassadors each semester

5.3

3. Wellness and Welfare Support

- Inua Nurse Fund (INF): Termly hardship bursaries and transport grants
- Mental Health First Aid Training and Reflection Cafés
- Peer Counselors and Social Support Volunteers

5.4

4. Outreach and Community Impact

- Footsteps of Care Health Drives (4 per year)
- School Health Programs: Pads distribution, safe hygiene, health talks
- Medical Camps partnerships: Clinical volunteerism

...

6 Organizational Structure

The Inua Nurse Footprint (INF) operates through a participatory and strategic governance structure designed to ensure sustainability, mentorship continuity, and cross-generational impact. At the core of the governance model is a firm commitment to mentorship, transparency, and institutional memory.

- **Board of Trustees:** This is the highest decision-making body within INF. It provides strategic direction, oversight, and long-term vision. The **Founder and CEO, Israel Alex Makori, shall always serve as the Chair of the Board of at most 10 members** to ensure continuity, values alignment, and legacy safeguarding.
- **Patron:** An appointed senior academic or health professional who provides guidance and ensures alignment with institutional and professional standards.
- **Executive Committee:** A student-led governance team responsible for day-to-day operations, composed of:
 - President - CEO/FOUNDER
 - Vice President- ELECTED
 - Secretary General - ELECTED
 - Finance and Operations Lead - ELECTED
 - Publicity and communication - ELECTED
 - Directors for each programmatic pillar (Mentorship, Outreach, Academic Innovation, Wellness, Leadership)-APPOINTED BY EXECUTIVE COMMITTEE
- **Alumni Council:** A body of graduated student nurses who support mentorship programs, resource mobilization, and organizational continuity led by founder upon graduation.
- **Advisory Committee:** Consisting of professionals in nursing, health policy, public health, and youth leadership offering technical input and support ,founder shall remain a member.
- **Volunteer Corps:** Includes peer mentors, outreach facilitators, digital content creators, and event coordinators selected annually through a competitive process.

This structure is designed to ensure INF remains student-led but professionally guided, with a clear pathway for leadership transition and alumni involvement.

...

7 Monitoring and Evaluation

INF employs a Results-Based Management (RBM) framework:

- Activity indicators: Number of events, mentors, outreach beneficiaries
- Output indicators: Students retained, grades improved, volunteers trained and training certificates awarded.
- Impact indicators: Community reach, alumni engagement, mental health outcomes

Annual impact reports will be published and shared with stakeholders in an AGM held in the second or third week of July.

8 Sustainability and Partnerships

INF is designed to outlive student leadership transitions by establishing:

- Alumni financial contribution pledges and database
- Constitutionally backed governance and succession plans
- Collaborations with Ministry of Health, Nursing Council, NNAK, NGOs
- Proposal writing desk for external donor engagement

9 Budget Summary (Year 1)

Item	Description	Estimated Cost (KES)
Hardship Bursaries	Support for 50 students @ 20,000	1,000,000
Emergency Support	Food, health, rent, transport	350,000
INF Alumni Engagement	networking dinners, newsletters, meetings	150,000
Operational Budget	workshops, mentorship kits, logistics	550,000
Mental Health Desk	Training, peer sessions, referrals	120,000
Community Outreach	Camps, charity walks	210,000
Volunteer Stipends	health drives, meals ,transport	100,000
Total		2,480,000

10 Conclusion

INF represents a bold, student-led shift in how we build the next generation of Kenyan nurses. We invite all stakeholders, donors, institutions, and alumni to join this movement and walk with us as we leave footprints of care, purpose, and excellence.
